

ELEVATION REFERENCE MARKS		
REFERENCE MARK	ELEVATION (FT. NGVD)	DESCRIPTION OF LOCATION
RM24	6913.10	Spike in post of warning sign (arrow indicating curve ahead) on east side of main road leading into Frontier, approximately 1700 feet north of intersection of that road and U.S. Highway 189. Established by Nelson, Haley, Patterson and Quirk, Inc.
RM25	6918.27	Spike in power pole on inside curve of main road into Frontier, approximately 100 feet west of Frontier Coal Company main office. Established by Nelson, Haley, Patterson and Quirk, Inc.
RM26	6918.89	U.S. Coast and Geodetic Survey bench mark disk stamped E-169 approximately 0.1 mile northwest of the post office, in top of the northwest corner of the concrete foundation for abandoned Kemmerer Chlorinator Plant.
RM35	6920.69	Spike in power pole on south side of road, approximately 60 feet northwest of corrugated metal building, and 350 feet north and 120 feet east of U.S. Coast and Geodetic Survey bench mark E-169. Established by Nelson, Haley, Patterson and Quirk, Inc.
RM36	6917.91	Spike in second power pole north of intersection of road to Water Plant and road to U.S. Highway 189. Also approximately 170 feet north and 125 feet east of Reference Mark 35. Established by Nelson, Haley, Patterson, and Quirk, Inc.
RM37	6918.03	Spike in second power pole west of house approximately 175 feet north and 475 feet east of U.S. Coast and Geodetic Survey bench mark E-169. Also, approximately 300 feet due south of first bridge over Hams Fork on main road leading northwesterly from Frontier. Established by Nelson, Haley, Patterson, and Quirk, Inc.
RM38	6921.19	Chiseled square on northeast corner of northeasterly headwall of bridge over main channel of Hams Fork on main road leading northwesterly from Frontier. Established by Nelson, Haley, Patterson, and Quirk, Inc.
RM39	6917.43	Spike in power pole with transformer on south side of road, approximately 630 feet north and 140 feet east of Reference Mark 38. Established by Nelson, Haley, Patterson, and Quirk, Inc.
RM40	6919.61	Spike on first power pole on east side of subdivision road as it makes an S-curve around house, approximately 260 feet north and 330 feet west of water treatment plant north of Frontier. Established by Nelson, Haley, Patterson, and Quirk, Inc.
RM41	6919.67	Spike in light pole approximately 360 feet south and 130 feet west of Reference Mark 40. Established by Nelson, Haley, Patterson, and Quirk, Inc.
RM42	6918.98	Chiseled square on southeast corner of southeasterly headwall of first bridge over Hams Fork on main road leading northwesterly from Frontier. Established by Nelson, Haley, Patterson, and Quirk, Inc.

\*EXPLANATION OF ZONE DESIGNATIONS

ZONE	EXPLANATION
A	Areas of 100-year flood; base flood elevations and flood hazard factors not determined.
A0	Areas of 100-year shallow flooding where depths are between one (1) and three (3) feet; average depths of inundation are shown, but no flood hazard factors are determined.
AH	Areas of 100-year shallow flooding where depths are between one (1) and three (3) feet; base flood elevations are shown, but no flood hazard factors are determined.
A1-A30	Areas of 100-year flood; base flood elevations and flood hazard factors determined.
A99	Areas of 100-year flood to be protected by flood protection system under construction; base flood elevations and flood hazard factors not determined.
B	Areas between limits of the 100-year flood and 500-year flood; or certain areas subject to 100-year flooding with average depths less than one (1) foot or where the contributing drainage area is less than one square mile; or areas protected by levees from the base flood. (Medium shading)
C	Areas of minimal flooding. (No shading)
D	Areas of undetermined, but possible, flood hazards.
V	Areas of 100-year coastal flood with velocity (wave action); base flood elevations and flood hazard factors not determined.
V1-V30	Areas of 100-year coastal flood with velocity (wave action); base flood elevations and flood hazard factors determined.

NOTES TO USER

Certain areas not in the special flood hazard areas (zones A and V) may be protected by flood control structures.

This map is for flood insurance purposes only; it does not necessarily show all areas subject to flooding in the community or all planimetric features outside special flood hazard areas.

For adjoining map panels, see separately printed Index To Map Panels.
